

# exam excellence!

## What is the Talent 100 Exam Excellence Program?

The Exam Excellence Program (EXP) is a concise and effective program for Year 12 students that consolidates their understanding, and perfects their examination technique so that students can perform at their best in their trials and HSC (collectively account for 70% of their overall HSC Mark).

EXP consists of 10 weeks of HSC-style examinations conducted under HSC examination conditions and marked in accordance with Board of Studies style guidelines. Each week, students will sit the exam and come to a 3 hour review in which one of our teachers will go through every question, showing students sample solutions and marking guides that have been prepared by the Number 1 Students in the State.

At this stage of Year 12, it is important that students have a practical understanding of how to perform under exam conditions, rather than going through 'general revision'. The EXP gives students feedback as to what type of mistakes they make under exam conditions, before going into the real thing.

EXP answers the question "How would I go in the exam if I took it today?" definitively. And by identifying the type of mistakes you make during exams, EXP will give you the opportunity to 'train it out' before the real thing.

## What are the Key Features of the Exam Excellence Program?

Specifically, students will learn how to:

- + compose perfect answers, with answers supplied by 1st in the state for Mathematics Ext 1 & 2, Physics and Chemistry
- + tackle harder questions ("curve balls") to ensure you reach your maximum potential

In the past, we have had several students improve their marks dramatically from their assessments to their HSC exam, with several students in 2009 going from an HSC Assessment mark of 88 to an HSC Exam mark of 96. After 10 sets of exams, you can be sure we'll find out your weaknesses, eliminate them and ensure you are well and truly ready for the HSC!

## How does this fit in with our Marks Maximiser Program?

The Marks Maximiser Revision Program provides an excellent way to revise for your trials by reviewing every syllabus dot point in a question based format. The focus of Marks Maximiser Program is intensive revision of the theory,

In contrast, the EXP helps to train perfect exam practice, whilst discovering and eliminating any weaknesses in theory. The focus of EXP is to ensure that you are performing at your peak in the HSC and ensure you don't lose any unnecessary marks to:

- + Careless Mistakes
- + Time Management Mistakes
- + Lack of familiarity with questions
- + Being 'stumped' by a difficult question.

Taking both MMP and EXP will ensure that in the limited time you have left, you will be totally prepared for your HSC: you will understand the theory to a full marks standard, and have perfect exam technique to score a personal best in the final exam.

## What are the timings and schedules of the Exam Excellence Program?

The timings of the Review classes are the same as the Normal Year 12 timetable. Students will have to arrange an alternate timeslot to sit the exam.

## I would like to Maximise my Marks in my HSC Trials and Exams. What are the costs, and how do I enrol?

The cost of the course is \$1350 for the term, with a 10% discount on the 2nd subject and 25% discount on the 3rd subject.

Places in our courses are strictly limited, so please ensure that you enroll by July 15 to secure your place. If you'd like to join the EXP, simply fill in the Enrolment Form and send it via email to [info@talent-100.com.au](mailto:info@talent-100.com.au). Alternatively, you can contact us on 8003-6887 to let our service team know what classes you wish to join.
